### **AGENDA ITEM: CONCERTS IN THE PARK – A discussion on the 2010 Concerts in the Park.**

Community Services Supervisor Norman reviewed the different forms of marketing that she has developed for this year's concerts including the web page. She informed that she is still seeking volunteers to work the concerts. There was open discussion on the volunteer openings.

### **AGENDA ITEM: OLD FASHIONED 4<sup>TH</sup> OF JULY – A discussion on the 2010 Old Fashioned 4<sup>th</sup> of July event.**

Community Services Supervisor Norman stated that she reviewed last year's debrief information on the event. The only item needing attention was the parade which was due to miscommunication. Participant certificates were only issued to the children wearing the entry number instead of being issued to all children participating. In addition, there were several children who won in more than one category. This year it will be stipulated that participants can win in only one category. Community Services Supervisor Norman informed that she will be attending the Chamber of Commerce meeting tomorrow and will be discussing the parade.

Community Services Supervisor Norman distributed the volunteer sign-up sheet explaining that she is currently recruiting volunteers for the event. There was open discussion on the availability of the Commissioners.

### **AGENDA ITEM: PARKS AND RECREATION MASTER PLAN – A work session to discuss the Parks and Recreation Master Plan.**

Community Services Supervisor Norman informed that she had met with Community Development Director Bailey and discussed programming. She presented the Commission with a list of questions to consider:

#### **Library Programming –**

Should programming at the Clarkdale Library be offered? *The Commission agreed that all programming decisions for the library should be directed by the Library Advisory Board.*

Are there opportunities for partnering in the development of library programs with parks and recreation? *The Commission agreed that partnering with the Library would be beneficial.*

There was open discussion on events. The consensus of the Commission was that additional events should not tax the town budget and should be driven by demand and the need and support of the community and economy to ensure that there is support in addition to taking advantage of partnering opportunities.

There was open discussion on team sports. The consensus of the Commission was that team sports should be dictated by the community's need and interest keeping an open mind to both traditional sports and the less conventional activities, such as skateboarding, biking, and trail running.

Community Services Supervisor Norman reviewed the Small Community Parks & Recreation Standards with the Commission. She explained that these standards were developed for small rural communities and provided a better insight on project costs and upkeep on park/sport facilities verses the cost and upkeep in a bigger city or town. She explained that Community Development Director Bailey proposed including the Small Community Parks and Recreation Standards into the Master Plan to use as a guideline. The consensus of the Commission was to incorporate the standards referring to the 'current Small Community Parks & Recreation Standards'.
